Protopolio:

PROFESSIONAL SUMMARY

Third-year undergraduate at CINEC Campus with a passion for software quality assurance and testing. Skilled in functional, automation, and performance testing using tools such as Selenium, JMeter, JUnit, and TestRail. Strong problem-solving abilities with a keen eye for detail, committed to ensuring software reliability and efficiency. Eager to apply QA methodologies and collaborate in dynamic team environments to deliver high-quality software solutions

EDUCATION

CINEC CAMPUS (Pvt) Ltd   Colombo, Sri Lanka
BSc (Hons) in Software Engineering   Expected Oct 2027

- Current GPA: **4.00**
- Relevant Coursework: Software Testing & Quality Assurance, Object-Oriented Programming, Advanced Data Structures & Algorithms, Operating Systems, Networking, Mobile Development, Advanced Web Development
- Tools & Skills: **Selenium, JUnit, JMeter, TestRail, Jest, Git/GitHub, Agile/Scrum**

PROJECT

LinkedIn Post Automation
- Technologies used: **selenium, java**

Hotel Reservation + Performance
- Technologies used: **JMeter, selenium, java**

OrangeHRM Website Testing
- Technologies Used: **Playwright, JavaScript**

Student Management System
- Technologies used: **java, JUNIT**

Chatbot & Weather Notifier (Python, APIs)
- Technologies Used: **Python, APIs, HTML, CSS**

Hotel Management System
- Technologies Used**: Java, MySQL** workbench

Hospital Management System
- Technologies Used**: Java, MySQL work bench**

Eventrya – University Event and Seat Booking System
- Technologies Used: **React.js, Node.js, Express.js, MongoDB, Tailwind CSS**

Food Delivery Website (Frontend)
- Technologies Used: **React.js, Node.js.**

CERTIFICATE

- **Introduction of Testing and JUNIT, Cucumber** (Skillup, 2025)
- **Python for Beginners** (University of Moratuwa, 2023)
- **Machine Learning & FPGAs** (IEEE, 2025)
- **UI/UX For Beginners** (Great Learning, 2024)

TOOLS

- **Selenium** (for browser automation)
- **JMeter** (for performance testing)
- **JUnit** (if you're using Java for testing)
- **Postman** (for API testing)
- **Jest (**JavaScript testing framework)
- **TestRai**l (Test Management Tool)
- **Git / GitHub**
- **Playwright**
- **Pytest** (Basic)
- **Figma**

PROGRAMMING & WEB TECHNOLOGIE

Java

Python(basic)

HTML/CSS

MY SQL

JavaScript (React.js, Node.js)

NON-TECHNICAL

Problem Solving

Critical Thinking

Adaptability

Collaboration

Time management

Communication

Teamwork

AI

RESEARCH

- **Smart School Selector** –Research Abstract Published at 5th Research Symposium of CINEC campus
- **Day-care Connect-** Research Abstract Published at 6th Research Symposium of CINEC campus

EXTRA CIRCULAR AVITIES

- **Competitor in Hack Blast – IEEE-** Participated and won the third place of the inter-faculty competition
- **Learning mathematics for grade 11 students**
